

Until...

live case scenario

Until explores the definition of and issues involved in working in a hostile environment. Frank Toughe is a highly successful salesperson at Kaiser, Inc., until Persie, a young intern and good friend of the Kaiser family, comes to work at the company for the summer.

Persie and Genevieve, Frank's much-beleaguered secretary, become friends, as each is subjected increasingly to Frank's abrasive and offensive behavior. Walter, a fellow salesperson with more knowledge of proper office etiquette, tries to help Frank understand the danger of his disregard for those around him. But Frank refuses to listen, until he and Kaiser Industries are forced to pay the consequences.
